

PSYC*2070, Course Outline: Fall 2021

General Information

DUE to the ongoing COVID-19 pandemic some courses are being offered virtually and some face to face. **This course is offered using a combination of the Alternate-Delivery-Synchronous (AD-S) format, Alternate-Delivery-Asynchronous (AD-A) format and Face-to-Face format.**

1. Lectures:

- a. **The 1st lecture on Tuesday, September 14th 5:30pm – 6:50pm will be Alternative Delivery Synchronous – AD-S Virtual.**
- b. **All following lectures will be Alternative Delivery Asynchronous – AD-A Remote. I will prerecord and post lectures on Courselink**

2. **Seminars: will take place face to face at an assigned location on campus at the set day and time.**

3. **Midterm Exam: will be Alternative Delivery Synchronous**

4. **Final Exam: will be face to face at an assigned location on campus on Wed. Dec. 8th (2:30pm – 4:30pm).**

Course Title: Teams, Leadership, and Professional Behaviour

Course Description:

The course will focus on the theory and practical application of Organizational Psychology with regard to leadership, teams, and professional behaviour. The course will provide students with opportunities to assess their leadership and teamwork skills, as well as active learning activities to practice these skills. Key topics will include groups and teams, leadership, stress management, time management, project management, work motivation, goal setting, conflict management, and social influence.

The goal of the seminars and group work assignments is to engage students in active learning. Rather than passively acquiring course content, you will engage in critical thinking, creative thinking, and problem solving. In addition, the seminars and assignments will give you first-hand experience with several of the topics that we will cover in the course: teams, leadership, goal setting, time management, project planning, communication, etc.

Credit Weight: 0.5 credit

Academic Department (or campus): Psychology

Semester Offering: Fall

Class Schedule and Location: This course will be administered in a remote, blended, on-line format on Courselink with a combination of “live” (synchronous) and “at your own pace”(asynchronous) elements. Students are encouraged to attend the first “live” lecture on Tuesday September 14th at 5:30pm via Zoom (ZOOM meeting link on Courselink under the content tab in the ZOOM folder). Seminars will be in person face to face and start the week of September 14th. The first lecture, and the midterm exam will be live (synchronous), and the

final exam will be in person during the final exam period. The seminars will be weekly face to face sessions. I will also hold “live” office hours for the first hour of lecture each week (Tuesdays from 5:30-6:30pm). Pre-recorded lectures will be posted each week on CourseLink.

Additional Notes (if required):

Team-work participation: To address concerns with social loafing (some members not doing their part), grades on team projects will be adjusted depending on peer evaluations. Peers will provide a rating of each other's participation, rating it as either 0.5 (minimal contribution from the team member), 1.0 (good solid contribution from the team member) or 1.5 (extraordinary contribution – team member went above and beyond expectations). Any students with a consistent rating of 0.5 will have their grades on Part 1 and Part 2 of the group project each reduced by 30%.

The exams will cover material from the textbook chapters, pre-recorded PowerPoint Slides, and video lectures, and assigned videos or podcasts. The exams will NOT test material in the *Supplementary (optional)* section of the learning modules on CourseLink. The exams will consist of multiple-choice questions.

Final examination date and time: Wednesday, December 8th from 2:30pm - 4:30pm

Final exam weighting: 25%

Course Policies

Grading Policies

Late Team assignments will be docked 10% per day starting the day after the assignment was due.

All LAB assignments are due by 11:59PM the same day as your assigned lab; thus no late assignments will be accepted. Please note that there are five in-lab assignments – students can drop their lowest lab assignment.

AER (After Events Review) – Project Leader AER Worksheets are due prior to your AER consultations with your TA in your assigned lab. Late Project Leader AERs will be docked 50% per day.

Leader Feedback and Peer Evaluations will be docked 50% per day, as these can be completed as soon as the respective project is handed in. For Team Project Parts 1 and 2, leader feedback and peer evaluations are due the Friday after the project deadline (Friday, Oct. 22nd and Friday, Nov. 19th). Thus, leader feedback and peer evaluations that are submitted more than 24 hours after the deadline will result in a grade of zero.

For the individual leadership project, please note the following:

If you do not submit Individual Project Part 1: Leader Selection by the listed due date (Mon. Nov. 08 at 11:59pm) you will receive a grade of 0%.

If you submit Individual Project Part 2: Leader Paper with a leader that your TA has NOT approved, your report will NOT be accepted and it will receive a grade of 0%.

Your TA will consider email requests for a grace period of two days. Your request will only be granted if your TA receives an email from you prior to the due date. If the request is granted, the individual leadership project should be submitted to the course drop box, on the extended due date (Wed. Dec. 1st at 11:59pm). After this period, 5% of

the value of the report will be deducted for each additional day of delay. After 3 calendar days, the grade received will be 0%.

Re-Grading of Assignments Policy: If a student is of the belief that an assignment has not been accurately graded, they are to pursue a 2-step course policy: 1) Students should first meet with their seminar TA to discuss any grading concerns. If you are not able to resolve the issue you're your seminar TA then they can request a regrade. 2) The regrade procedure is for your TA coordinator, Nouran Sakr, to independently regrade the assignment. If your team decides to go this route then I will need an email from you (with your group members copied) that confirms that you want a regrade. Also, please note that you will need to accept the re-grade, whether your grade for the assignment is higher or lower than your original grade.

[Undergraduate Grading Procedures](#)

Course Policy on Group Work:

Team Project Parts 1 and 2 (i.e., Team Presentation and Team Paper) will be completed in groups. Only one assignment will be submitted by the Project Leaders for each group. Normally every member of the group gets the same grade on each part of the team project. However, as noted earlier, individual grades on group assignments might vary depending on peer evaluation ratings.

Course Policy regarding use of electronic devices and recording of lectures:

Electronic recording of classes is expressly forbidden without consent of the instructor. When recordings are permitted, they are solely for the use of the authorized student and may not be reproduced, or transmitted to others, without the express written consent of the instructor. Similarly, any material created by the course instructor is intended for those enrolled in this course solely. Under no circumstances are you allowed to disseminate course materials to external parties.

Student Rights and Responsibilities when Learning Online

Privacy Rights

Lectures held via ZOOM may be recorded for the purpose of posting on Courselink for students that could not attend or want to review the lecture. As a student, you have the right to protect your privacy online and may choose to turn off your video and/or audio when in session. In the event that your video and/or audio remain on, please note that you are consenting to your presence in lecture recordings. Under no circumstances are you permitted to transmit copies of the recordings to others, without the express written consent of the instructor.

Online behaviour

According to the University Secretariat, students have a responsibility to help support community members' access to the tools they need to engage in their learning and development, both in and outside of the classroom. An example of this type of responsibility is the requirement to abide by the following:

Section 4.3.3. Disruption - to not interfere with the normal functioning of the University, nor to intimidate, interfere with, threaten or otherwise obstruct any activity organized by the University, including classes, or to hinder other members of the University community from being able to carry on their legitimate activities, including their ability to speak or associate with others.

As such, inappropriate online behaviour will not be tolerated. Examples of inappropriate online behaviour include

- Posting inflammatory messages about your instructor or fellow students
- Using obscene or offensive language online
- Copying or presenting someone else's work as your own
- Adapting information from the Internet without using proper citations or references
- Buying or selling term papers or assignments
- Posting or selling course materials to course notes websites
- Having someone else complete your quiz or completing a quiz for/with another student
- Stating false claims about lost quiz answers or other assignment submissions
- Threatening or harassing a student or instructor online
- Discriminating against fellow students, instructors and/or TAs
- Using the course website to promote profit-driven products or services
- Attempting to compromise the security or functionality of the learning management system
- Sharing your username and password

Course Policy on missed classes and exams

All of the information related to the administrative aspects of this course will be communicated during live or pre-recorded lectures, seminars, emails, and CourseLink. If you miss a class, it is your responsibility to make contact with a fellow student and catch up on what you missed, regardless of whether the absence was justified or not.

If you miss the mid-term exam you may wish to seek academic consideration for your absence (e.g., if you believe your absence qualifies for medical or compassionate reasons).

Please contact the course instructor as soon as possible if you miss the mid-term exam. If a student misses the midterm exam, they must notify the instructor immediately by email and the midterm may be rescheduled to take place within 14 days of the exam date.

Communication Policy

Myself and the TAs really enjoy meeting students during virtual office hours (Instructor Office Hours on ZOOM: Tuesdays 5:30-6:30pm). Please join the meeting if you have any questions, concerns, or just for a friendly chat.

Only questions that can be answered simply, for example by yes or no or with a sentence or two, will be answered by email. For longer answers you will most likely receive an email asking you to book a virtual meeting with me or the TAs.

If you have questions or concerns about your midterm, Project Leader AER, Individual AER, Leader Feedback, or Peer Evaluations grades, or your TA please email the TA Coordinator, Nouran Sakr at nsakr@uoguelph.ca. If you have any questions or concerns about your projects (team presentation, team paper, or the leadership project,), in-lab assignment grades, or project team please email your respective seminar TA (see Lab and TA Contact Information for details).

Important: Please include **“Psych2070”** in the subject header of any emails that you send regarding the course. Also, please include your TA on any emails you send regarding assignments or material covered in the seminars. If you do not comply with this policy, you will receive an automatic email response requesting that you resend your original message with your lab TA copied on the message.

Also, please note that the TAs and I will do our best to answer your emails within 24 - 48 hours of receipt, but that we are not available on weekends. It is possible that some emails that are not from a university address (e.g., @hotmail.com) may be treated as spam. If at anytime your email is not answered, please attend the instructor or TA office hours. The university expects you to check your U of Guelph email account regularly and for us to use it to communicate with you.

University Policies

Disclaimer: Please note that the ongoing COVID-19 pandemic may necessitate a revision of the format of course offerings, changes in classroom protocols, and academic schedules. Any such changes will be announced via CourseLink and/or class email. This includes on-campus scheduling during the semester, mid-terms and final examination schedules. All University-wide decisions will be posted on the [COVID 19 Website](#) and circulated by email.

Academic Consideration

When you find yourself unable to meet an in-course requirement because of illness or compassionate reasons, please advise the course instructor in writing, with your name, id#, and e-mail contact. See the academic calendar for information on regulations and procedures for

Academic Consideration:

[Academic Consideration, Appeals and Petitions](#)

Illness

Medical notes will not normally be required for singular instances of academic consideration, although students may be required to provide supporting documentation for multiple missed assessments or when involving a large part of a course (e.g. final exam or major assignment).

For information on current safety protocols, follow these links:

[Return to Campuses - Preparing Your Safe Return](#)

Please note, these guidelines may be updated as required in response to evolving University, Public Health or government directives

Academic Misconduct

The University of Guelph is committed to upholding the highest standards of academic integrity and it is the responsibility of all members of the University community, faculty, staff, and students to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring.

University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection. Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

The Academic Misconduct Policy is detailed in the Undergraduate Calendar:
[Academic Misconduct Policy](#)

Accessibility

The University of Guelph is committed to creating a barrier-free environment. Providing services for students is a shared responsibility among students, faculty and administrators. This relationship is based on respect of individual rights, the dignity of the individual and the University community's shared commitment to an open and supportive learning environment. Students requiring service or accommodation, whether due to an identified, ongoing disability or a short-term disability should contact [Student Accessibility Services](#) as soon as possible.

For more information, contact SAS at 519-824-4120 ext. 54335 or email accessibility@uoguelph.ca or the [Student Accessibility Services Website](#)

Course Evaluation Information

Please refer to the [Course and Instructor Evaluation Website](#) .

Drop date

The last date to drop one-semester courses, without academic penalty, is Dec. 03, 2021. For regulations and procedures for Dropping Courses, see the [Schedule of Dates in the Academic Calendar](#).

Instructors must provide [meaningful and constructive feedback, at minimum 20% of the final course grade, prior to the 40th class day](#). For courses which are of shorter duration, 20% of the final grade must be provided two-thirds of the way through the course.

[Current Undergraduate Calendar](#)

Additional Course Information

Course instructors are allowed to use software to help in detecting plagiarism or unauthorized copying of student assignments. Plagiarism is one of the most common types of academic misconduct on our campus. Plagiarism involves students using the work, ideas and/or the exact wording of other people or sources without giving proper credit to others for the work, ideas and/or words in their papers. Students can unintentionally commit misconduct because they do not know how to reference outside sources properly or because they don't check their work carefully enough before handing it in. Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

In this course, your instructor will be using Turnitin.com to detect possible plagiarism, unauthorized collaboration or copying as part of the ongoing efforts to prevent plagiarism in the College of Social and Applied Human Sciences.

A major benefit of using Turnitin is that students will be able to educate and empower themselves in preventing misconduct. In this course, you may screen your own assignments through Turnitin as many times as you wish before the due date. You will be able to see and print reports that show you exactly where you have properly and improperly referenced the outside sources and materials in your assignment.
